

# PHLEBOTOMY TECHNICIAN

## Program Description:

This 17 week– 490 clock hour course prepares students for employment possibilities in hospitals, doctors’ offices and other health-care facilities. Students will learn all tasks related to phlebotomy. Upon completion of this program students will be able to perform laboratory and phlebotomy skills that include phlebotomy procedures, identify the human body systems and functions, demonstrate knowledge of applicable safety regulations and work within the code of ethics and handle equipment properly.

Rio Grande Valley College will issue a certificate of completion upon successful completion of all course requirements. Graduates of this program may pursue certification by passing a nationally measured and proficiency examination. Graduates of this program will find job opportunities in hospitals, health clinics, doctor’s office and laboratories.

**Method of Delivery:** Residential
